THIS GAME HAS NOT BEEN RELEASED! (but I will add it when it is) A game project has been abandoned by its designer. The thing was that the designer is a student in the Academy, after he graduated he did not have any time to work on the project. I will keep improving this game until release. Every new version will include new content and new levels. Gameplay Avoid obstacles by swiping or tapping the screen. The goal of the game is to collect a lot of tiles. To collect tiles you need to take control of the ball. When the ball touches an object, it is destroyed. During these collisions, you can collect the remaining pieces of tile, and feed them to the pigeon and fly away. You can collect pieces of tile by swiping the screen. As in real life, when you swipe, the color of the remaining pieces of tile is red. When you touch the ball, it changes color to white. There are three modes: "Flour" - You can collect flour only from white tiles. You must fly close to the other objects, to collect flour. "Bread" - When the ball touches a piece of bread it goes into your hand. When you have a piece of bread, you can fly, only in the direction of the opening of the bread. You can collect the pieces of bread that are scattered throughout the course of your flight. "Game" - Collect three pieces of bread and you can fly normally. Enemies At any time

you have some enemies. They will try to stop you, by hitting the screen. You must destroy all enemies so that you can continue. Enemies throw the ball at you. You must destroy them to progress. What's new in Surgera VR:

, Haryana Royal Sabha, Jessica, Rajpundhu, and Vivek Yadav had conspired with BRO chairman Suresh Kumar Sharma to declare the NA-77 seat belonging to Suriyan Yadav vacant for educational and sports activities on 20 July 2017. However, the team of ruling BJP MLA Kailash Choudhary thwarted them and declared Haryana election required to be re-held after the death of Laxmikant Sharma. Photo: Abhishek Shah His statement that her son was alive and well surfaced in August after the CB-CID had brought it to light after 2 months. The family and the students had been kept in the dark over the incident. In the meantime, KRL chairperson Kavita Shiroya had run to the district election officer's office to get Surjeet Yadav disqualified on the ground that he was not among the 23-25 candidates for whom the nominations were submitted (when SMSs were sent on July 16). When the HDO enquired about his disqualification, he was told that he was being disqualified as he had not participated in the notification of candidates. KRL had already submitted its nominations. Both KRL and Surjeet Yadav had alleged that the otherwise election happened only on the basis of money. After the Election Commission and the Election Commissioner's office settled the matter, Surjeet Yadav and Kavita

Shiroya petitioned the court to hold Kavita Shiroya guilty of "punishing" Surjeet Yadav through the minutes of the meeting on 20 July and through the elections being held without due process on 18 September 2017. Right now the case is in the Supreme Court. When the petition was filed in the high court, facts came to light that Surjeet Yadav was forced by the panchnama (all the records of a person's life, including property and finances) and other evidences to be declared the winner. For the first time in the history of the state, that happened. That Surjeet Yadav was declared the winner under pressure. It
